BANQUET UPDATE: The teams voted and from the votes, **Playtime** is the winning location. We will verify they are available for our banquet date and will post the banquet location in next week's paperwork.

COACHING: Please remember you **CANNOT** talk to your player about the game unless it is your time out or your opponent's time out. You are not allowed to discuss the game at any other point in time with your player. If you do talk to them and it is not a time out situation for either team, it is a foul (ball in hand). Rule 510 addresses coaching if you need additional information.

PAPERWORK UPDATE: Beginning with the Fall 2010 session, the board has agreed that any paperwork not postmarked by Friday of the same week of shoot will receive a 1 point penalty to that team. Captains should take this to mean the receipt of paperwork is very important to keep our handicaps accurate and the league running.

8OB Patches and Stripes: Because we aren't delivering paperwork this session, all 8OB patches/stripes will be distributed at the banquet to anyone who earns one.

- *Week 9-0 teams had score sheet errors. Be sure to check paperwork with your opponent.* Points will NOT be deducted for the first 4 weeks of play for score sheet errors (through week 5 if you have a bye in the first 4 weeks). If you do have an error in the first 4 weeks, you will receive a copy of that score sheet denoting the error. **Differences in the number of innings won due to incorrect addition will lose a point as a score sheet error** (ie if you have a different number of innings than your opponent, you will not lose a point as a score sheet error). *As a reminder, each team is still allowed 1 free score sheet error per session.*
